### Maths Live Lessons

Dear Parents and Carers,

We are excited to invite you to join your child for their maths lesson during the WB 5<sup>th</sup> October. This session offers a valuable opportunity to learn about how maths is taught across the school, the year group expectations for maths, and how your child's progress will be assessed. Additionally, we will discuss practical ways to support your child's mathematical development at home.

The morning will begin in the school hall from 8:55am with an introductory presentation. Following this, you will join your child in their maths lesson to observe and engage in the lesson.

The maths sessions will be run on three days for Year 1 - 5 (6<sup>th</sup> October, 7<sup>th</sup> October and 8<sup>th</sup> October) and two days for Year 6 (6<sup>th</sup> and 7<sup>th</sup> October). Parents can sign up to attend **one of these sessions**. For health and safety reasons, **only one adult per child is permitted** to attend and sessions will be capped. Once a session becomes full, you will not be able to book a place so you will need to select a different date. The sign-up form is located on teams under the Trips Section and will go live this evening at 7pm.

**Kindly note that this session is for adults only, we are unable to accommodate non-school age children so please make other arrangements for them while you attend the workshop.** Parents/carers will be refused entry if arriving with younger siblings. If you are unable to attend, all resources will be available on the school website.

Yours sincerely,

Mrs Nye  
Deputy Headteacher
