Science Day

02.03.26

Dear Parents & Carers,

I am writing to inform you about an exciting event taking place at our school on Friday, 13th March, which we have designated as Science Day. This day is dedicated to engaging our students in various science activities that will stimulate their curiosity and enhance their understanding of scientific concepts.

Throughout the day, children will participate in a range of hands-on science activities designed to inspire a love for learning and exploration. We encourage all students to come dressed as a scientist or in attire related to science, such as an astronaut or an animal. This will not only make the day more enjoyable but also foster a sense of community and enthusiasm for the subject.

We believe that Science Day will provide a valuable opportunity for students to explore the wonders of science in a fun and interactive manner. Should you have any questions or require further information about the day's activities, please do not hesitate to reach out.

We look forward to your support in making this event a memorable experience for our students.

Kind regards

Mr Reddy

Assistant Headteacher
