Maths Workshop and Live Lesson – 9th October 2025

Dear Parents and Carers,

We are excited to invite you to join your child for their maths lesson on Thursday 9th October 2025. This session offers a valuable opportunity to learn about how maths is taught across the school, the year group expectations for maths, and how your child's progress will be assessed. Additionally, we will discuss practical ways to support your child's mathematical development at home.

The morning will begin in the school hall with an introductory presentation from 8:50am. Following this, you will join your child in their maths lesson to observe and engage in the lesson. The focus for the workshop and lesson will be on place value, addition and subtraction (Year 1) and the four operations (Year 2 – 6). The live lesson will finish at approximately 9:50am.

Kindly note that this session is for adults only, we are unable to accommodate non-school age children so please make other arrangements for them while you attend the workshop. Parents/carers will be refused entry if arriving with younger siblings. If you are unable to attend, all resources will be available on the school website.

Yours Sincerely,

Mr Curtis
Head of School
