### **New Logo**

2024

Dear parents and carers,

We are delighted to unveil the new school logo for Catalyst Somers Heath. As you know, we asked the children for design ideas for an updated logo and they came up with many ideas that represent our school, this is the finished product!

Our new design highlights that we are part of Catalyst Academies Trust with the 'swirl' included in our badge, whilst also including the 'SH' from our current logo and two ideas from the children. The book represents learning and the children represents teamwork.

The new logo uniform will be available to purchase from Uniform Wise when stock of the current logo has been depleted. If you have uniform with the previous logo, there is no expectation to replace this with the new uniform until the clothing is grown out of or needs replacing. I expect to see the current logo on handed down uniform for years to come.

We hope you like how our school is represented. Thank you to all the children who contributed their ideas and the school council who brought the ideas together.

Yours sincerely,

Mr Curtis  
Headteacher
